ABOUT PGIMER, CHANDIGARH

The **PGIMER** owes its inception to the vision of late Sardar Partap Singh Kairon, the then Chief Minister of Punjab and the distinguished medical educationists of the then combined state of Punjab, supported by the first Prime Minister of India **Pt. Jawahar Lal Nehru** who considered the institutions of scientific knowledge as temples of learning and the places of pilgrimage. The institute started in 1962 and Pt Jawahar Lal Nehru inaugurated the hospital now named "Nehru Hospital" on 7th July 1963. The Institute was originally under the Government of undivided Punjab. After the reorganization of the state, the administrative control of the institute passed on to the Union Territory of Chandigarh in November 1966. The Institute became an autonomous body under the Act of Parliament in 1967 functioning under the Ministry of Health and Family Welfare, Government of India, with the following mandate.

Pt. Jawahar Lal Nehru Inaugrating the Nehru Hospital on 7th July 1963.

President Dr. Zakir Hussain inaugurating the Zakir Hall in December 1967.

Prime Minister Smt. Indira Gandhi inaugurating the Research Block in November 1968

Pt Jawahar Lal Nehru walking down the corridors of Nehru Hospital.

ABOUT ACBI

January 18, 1975, was a red letter day for Clinical Biochemistry, when renowned clinical biochemists from all parts of the country resolved to establish the **Association of Clinical Biochemists of India** to promote improvement in the health and well-being of the communities it serves through improving the science and practice of Clinical Biochemistry:-

- By holding meetings, congress, seminars, symposia and otherwise to promote and advance the interest of Clinical Biochemistry.
- To organize and establish institution / training centre for training Clinical Biochemists and to hold examinations and award diplomas.
- To associate with International and National Organizations such as IFCC APFCB, INSA, NAMS, QCI, ICHA etc.
- To advise Universities, Governments and Statutory Authorities regarding Biochemistry including Clinical Biochemistry.
- To publish journal(s) related to Clinical Biochemistry and News bulletin covering Association activities.
- To create awareness in community on importance of biochemical tests in preventive, curative and rehabilitative healthcare. This was followed by a two days conference in which Executive Committee members were elected and Professor Awadhesh Saran was installed as its First President and Dr. K. P. Sinha as its first Secretary. Since then Annual conferences have been held in various parts of the country.

WELCOME MESSAGE

Dear Corporate Partners,

On behalf of the Scientific Committee, we extend a warm welcome to you to the picturesque city of Chandigarh for the **50th Annual Conference of the Association of Clinical Biochemists of India (ACBICON 2024)**, scheduled to take place from **December 4th to 7th, 2024**, at **Hotel Mount View, Chandigarh**. The conference is being organized by the **Department of Biochemistry, PGIMER, Chandigarh**.

The conference theme, "**From Laboratory to Life: Recent Advances in Basic and Medical Research for Global Healthcare**," encapsulates the dynamic landscape of biochemistry and its pivotal role in shaping the future of healthcare. With a focus on bridging the gap between laboratory findings and real-world applications, **ACBICON 2024** promises to be a platform where cutting-edge research meets practical implementation, fostering invaluable collaborations and insights.

The organizing team of **ACBICON 2024** is committed to ensuring a seamless experience for all participants and partners. From engaging scientific sessions to networking opportunities and exhibitions, we aim to create an environment conducive to knowledge exchange, innovation, and professional growth.

We expect **800+ delegates and faculty members** from various parts of the world, providing a truly global perspective to the meeting. The **50th ACBICON 2024** conference will offer an excellent opportunity for corporate partners to showcase their products and services amongst basic and medical researchers, scientists, clinical biochemists, and laboratory medicine professionals from across the globe.

We look forward to your participation and contribution to making **ACBICON 2024** a resounding success.

Thank you and best regards
